A301CSU - VOLUNTEERING IN THE COMMUNITY

MODULE SUMMARY

This module provides students an opportunity to gain practical or online experience of volunteering and an understanding of local voluntary or community based agencies. Students will be expected to volunteer for a minimum of 30 hours. This can be in person, online or a combination of both. Volunteering enables students to develop a number of transferable skills such as problem-solving, initiative and teamwork.

The module will also support students to reflect on their existing employability competencies, strengths and weaknesses, those developed through their volunteering, and help them plan how to further develop following the learning experience.
